NEWS 2018

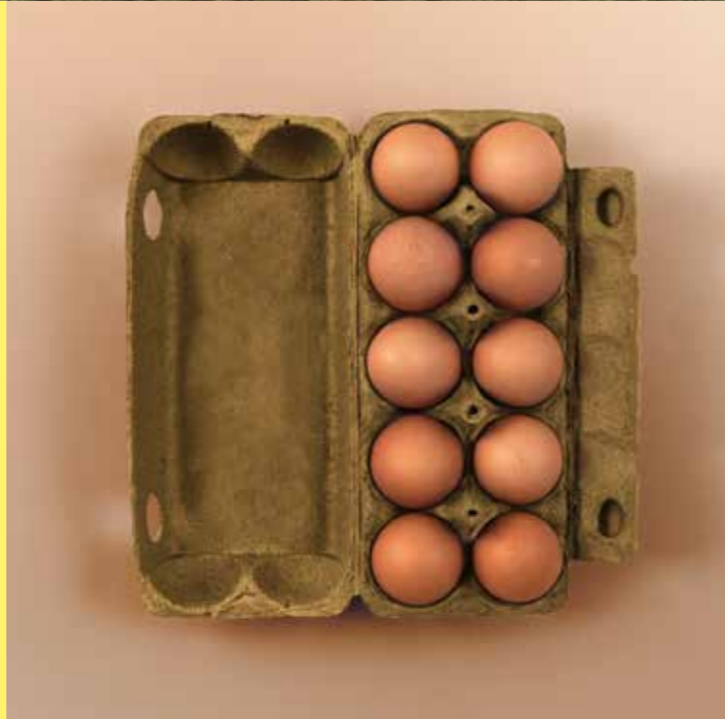

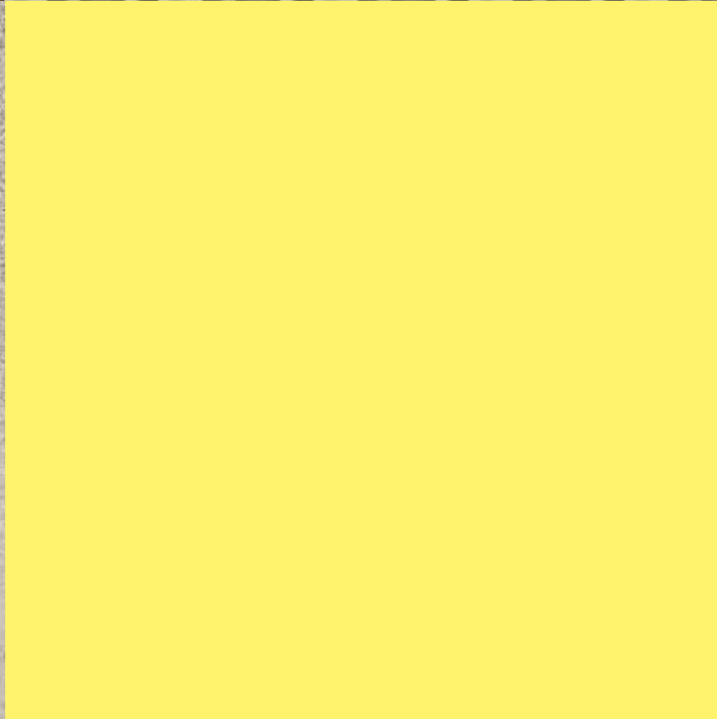

## VARIETY AND INDIVIDUALITY ARE LIMITLESS

In the beginning there is an idea – for a piece of furniture, a shop interior design, a caravan or ceiling panels. An image inspired by imagination and creativity. At RENOLIT we realise these visions with colours, woodgrains and textures. The variety of décors makes everything possible – whether contemporary, modern, classic or rustic; high gloss or low lustre matt. Sophisticated design concepts can be created due to the simple processing of the films, which can adapt any shape, moulding or form.

## VIelfalt und Individualität sind grenzenlos

Ganz am Anfang glimmt eine Idee auf – für ein Möbelstück, die Gestaltung eines Ladens, eines Caravans oder einer Zimmerdecke. Beflügelt von Fantasie, Inspiration und Einfallsreichtum entstehen Bilder im Kopf. Wir bei RENOLIT füllen diese Bilder mit Farben, Hölzern und Materialien. Die Vielfalt der Dekore macht alles möglich, egal ob modern oder klassisch, rustikal, ob hochglänzend oder doch lieber matt. Der Gestaltungsfreiheit werden dank der einfachen Verarbeitung der Folien auch bei kreativen Formen keine Grenzen gesetzt.

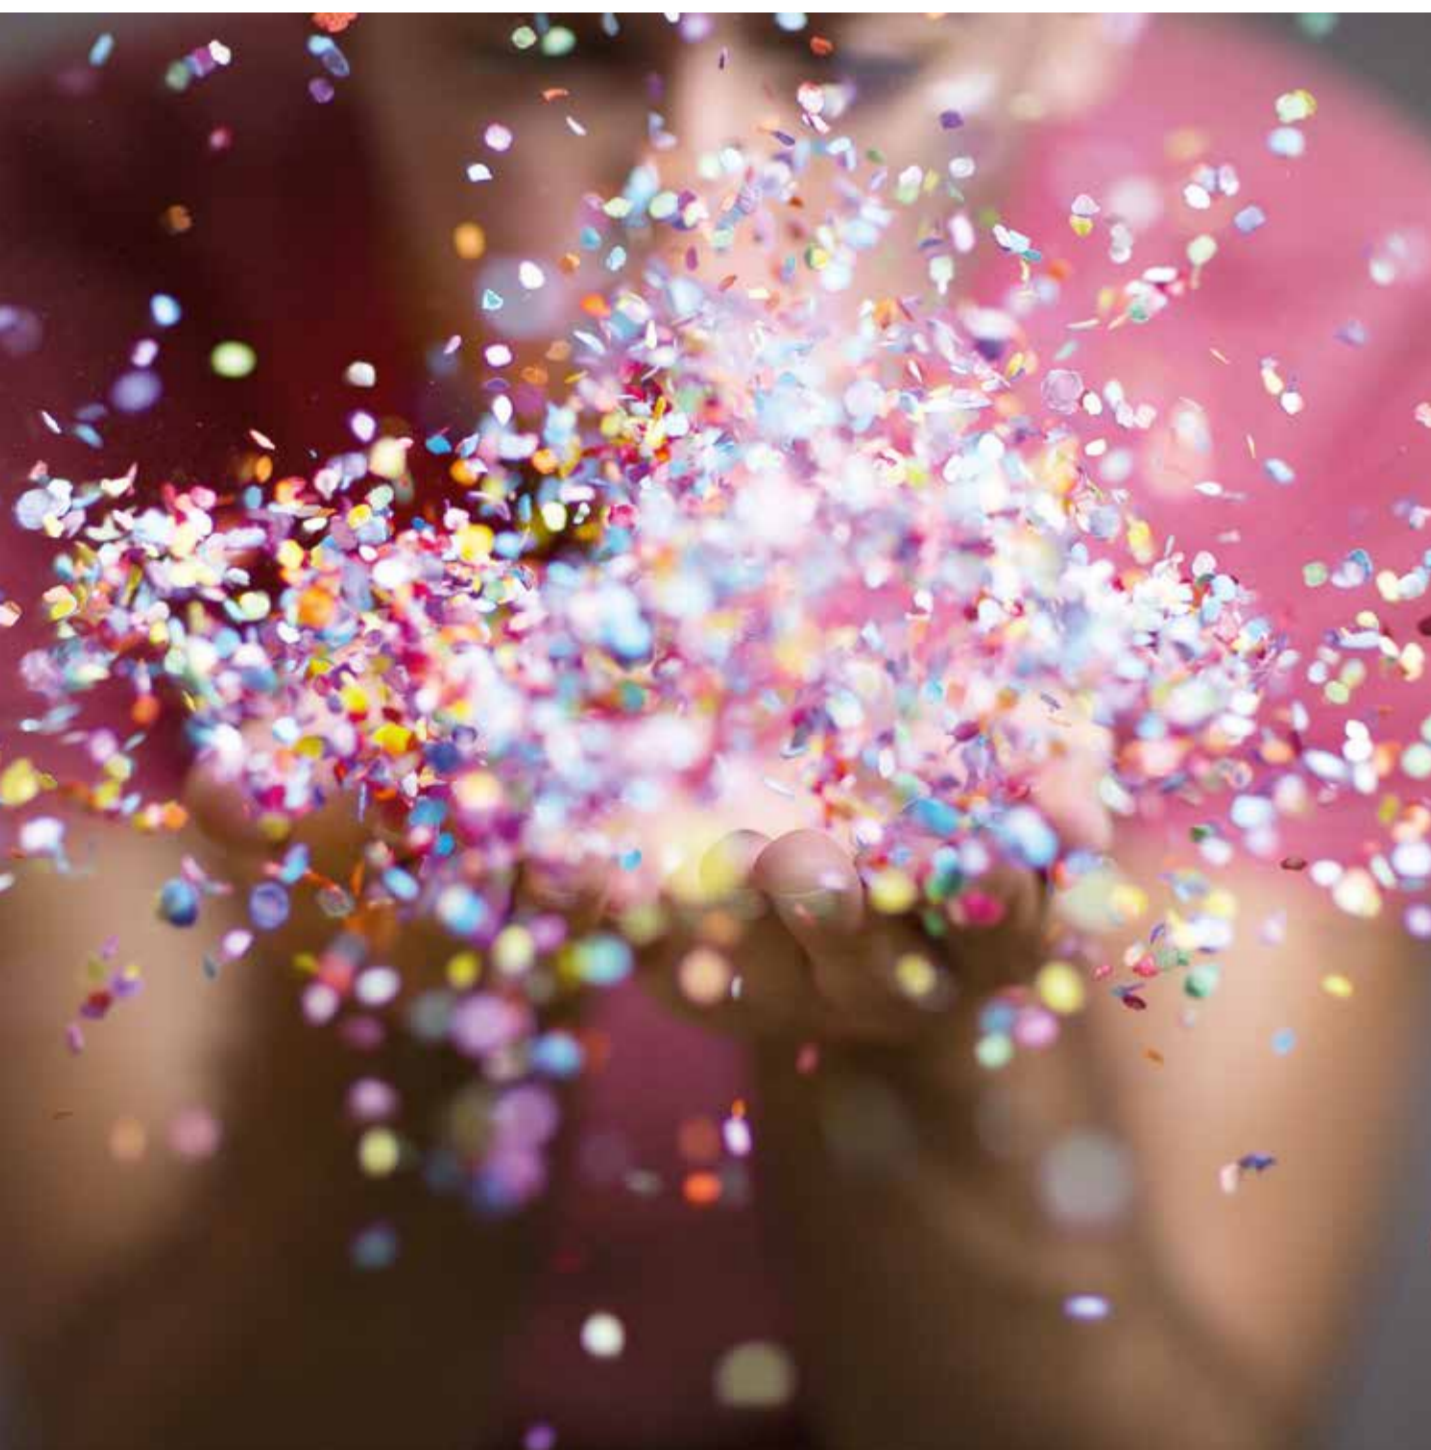

## AVAILABLE FROM STOCK: THE 3D COLLECTION

Our stock collection provides a wide range of over 270 solid colours and décors, with several emboss surfaces and textured characteristics. Woodgrain designs, abstract fantasy décors and a broad range of solid colours are all available for immediate despatch worldwide. The 3D range is suitable for a variety of thermoforming applications from furniture fronts for kitchens, bedrooms and bathrooms, through to shopfitting and to add a creative touch for interior design.

## IMMER AUF LAGER: DIE 3D-KOLLEKTION

*Mit einer Auswahl von über 270 Dekoren in verschiedenen Farben und Designs, mit Prägungen und mit unterschiedlichen Oberflächen und Eigenschaften ist unsere Lagerkollektion vielfältig aufgestellt. Holzreproduktionen, abstrakte Fantasiedekore und ein breites Spektrum an Uni-Farben sind jederzeit weltweit verfügbar und sofort lieferbar. Damit deckt das 3D-Sortiment die unterschiedlichsten Anwendungsbiete ab – von Möbelfronten für Küchen, Schlaf- und Badezimmer, über Ladenbau bis hin zur Kreativnote bei der Gestaltung von Innenräumen.*

## 2D AND 3D PRODUCTS A PERFECT MATCH

Many of our 3D stock range décors are also available in 2D flat lamination grade film. In furniture manufacturing for example, our 3D products are thermoformed to the door front, while 2D products are applied on the profile sections and carcass. Further information is available on request.

## 2D- UND 3D-PRODUKTE, DIE ZUSAMMENPASSEN

*Zu vielen unserer Dekore aus der 3D-Lagerkollektion gibt es auf Wunsch passende Pendants in 2D. Gerade im Bereich der Möbelherstellung werden beispielsweise unsere 3D-Produkte für die sichtbaren Fronten verwendet, während für Profile oder den Korpus die Produkte in 2D eingesetzt werden. Weitere Details dazu erhalten Sie jederzeit auf Anfrage.*

## A PERFECT FIT – MATCHING DÉCOR

Many of our 3D stock range décors are also available in 2D flat lamination grade film. In furniture manufacturing for example, our 3D products are thermoformed to the door front, while 2D products are applied on the profile sections and carcass. Further information is available on request.

Our current partner manufacturers of complementary décors are displayed in the table. On the following pages, décors with a corresponding board match are indicated with a pentagon symbol and the relevant board manufacturer's reference number. Further information and a detailed list is available at [www.renolit.com/design/en/matching-products/](http://www.renolit.com/design/en/matching-products/)

## PASST PERFEKT – DER DEKORVERBUND

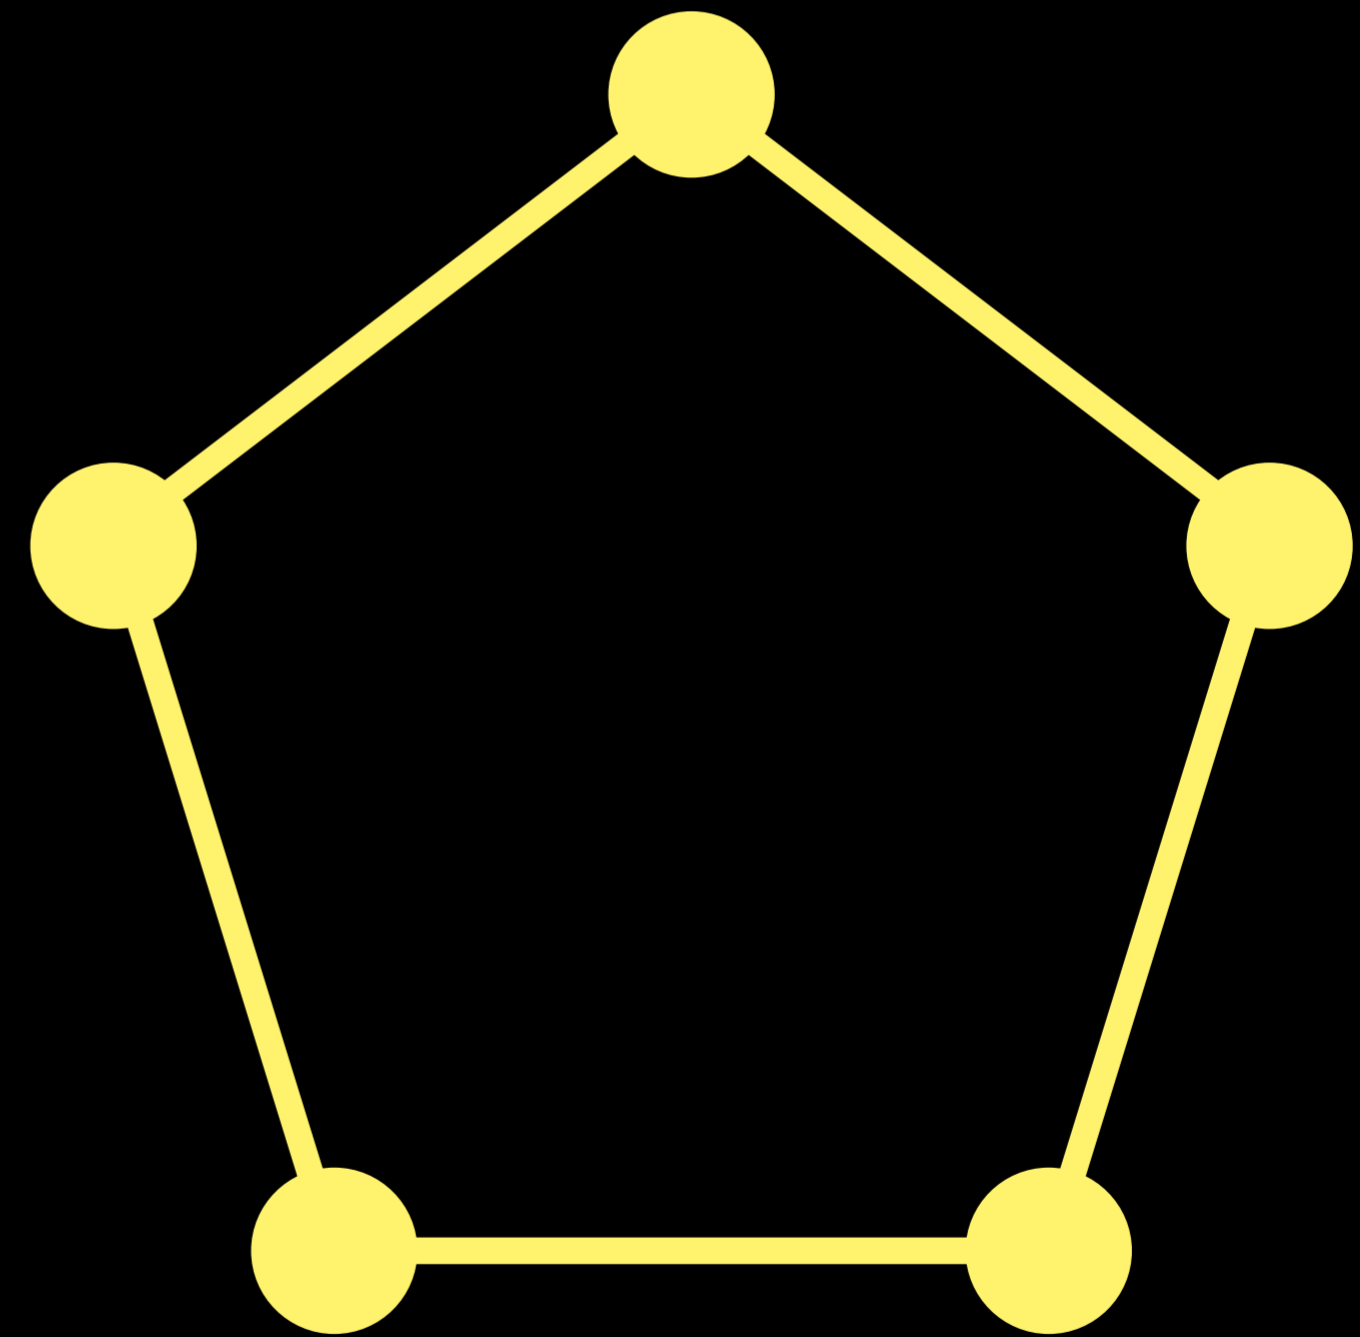

*Damit Designer vollkommen frei zwischen unterschiedlichen Materialien auf Front und Korpus entscheiden können, gewährleisten wir einen optimalen Dekorverbund. Dazu arbeiten wir mit führenden Herstellern von Holzwerkstoffen und Oberflächenmaterialien sowie Dekordruckern zusammen. Durch die enge Abstimmung mit unseren Partnern können wir harmonische Produktkombinationen garantieren.*

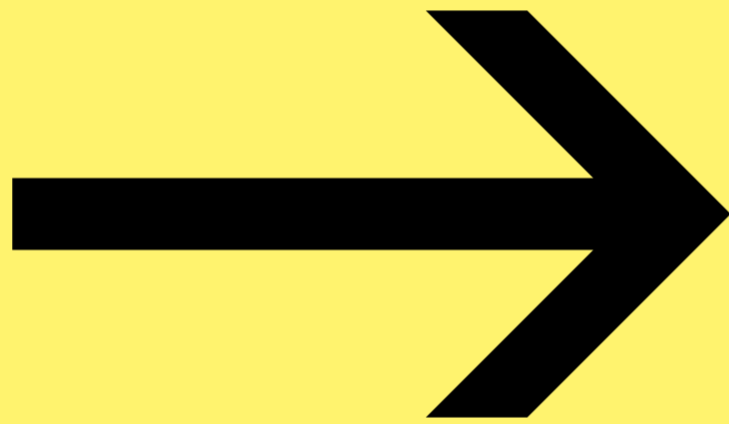

*Die aktuellen Dekorverbundpartner finden Sie in der Tabelle. Auf den folgenden Seiten sind alle Dekore, die Teil des Verbunds sind, mit einem Fünfeck gekennzeichnet. Ausführliche Informationen und eine detaillierte Auflistung finden Sie auf [www.dekorverbund.renolit.com](http://www.dekorverbund.renolit.com).*

## COLOUR ROAD

To make sure RENOLIT films always keep up with latest developments, we launched the colour and trend service "Colour Road". Our team observes and monitors changing moods in society, culture, the environment and design, to determine the major trends for the upcoming season. Every year the team presents its findings, giving inspiration for product innovation and the creation of new collections. Find the complete Colour Road at [www.renolit.colourroad.com](http://www.renolit.colourroad.com)

*Um als RENOLIT mit unseren Folien immer am Puls der Zeit zu sein, haben wir den Farb- und Trendservice „Colour Road“ ins Leben gerufen. Unser Team verfolgt und analysiert die aktuellen Trends und setzt sie in Verbindung mit Gesellschaft, Kultur, Umwelt und Design. Dabei arbeiten sie eng mit internationalen Trendinstituten und Farbdesignern zusammen und können so die wesentlichen Strömungen für die kommende Saison herausfiltern. Einmal im Jahr präsentieren sie ihre Ergebnisse und liefern uns Inspiration für Produktentwicklungen sowie Kollektions-erstellungen. Die vollständige Colour Road unter [www.renolit.colourroad.com](http://www.renolit.colourroad.com)*

# RENOLIT NEWCOMER 2018

New trends, new colours, new décors for 2018. The RENOLIT DESIGN 3D stock collection is augmented once a year with a number of decors. Drawing inspiration from the latest fashions and developments in the furniture and design industries. This year 28 new décors have been created that combine perfectly with the Colour Road trend colours. On the pages below we introduce you to all the new products with suggestions for colour combinations and information about matching décor products.

*Neue Trends, neue Farben, neue Dekore für 2018. Einmal im Jahr wird die 3D-Lagerkollektion von RENOLIT DESIGN um einige neue Trenddekore erweitert – inspiriert von aktuellen Strömungen, die den Zeitgeist treffen. So sind auch in diesem Jahr neue Dekore entstanden, die sich beispielsweise sehr gut mit den aktuellen Farben aus der Colour Road kombinieren lassen. Auf den folgenden Seiten stellen wir Ihnen alle Neuheiten mit Vorschlägen zur Farbkombination und Informationen zu Dekorverbundprodukten vor.*

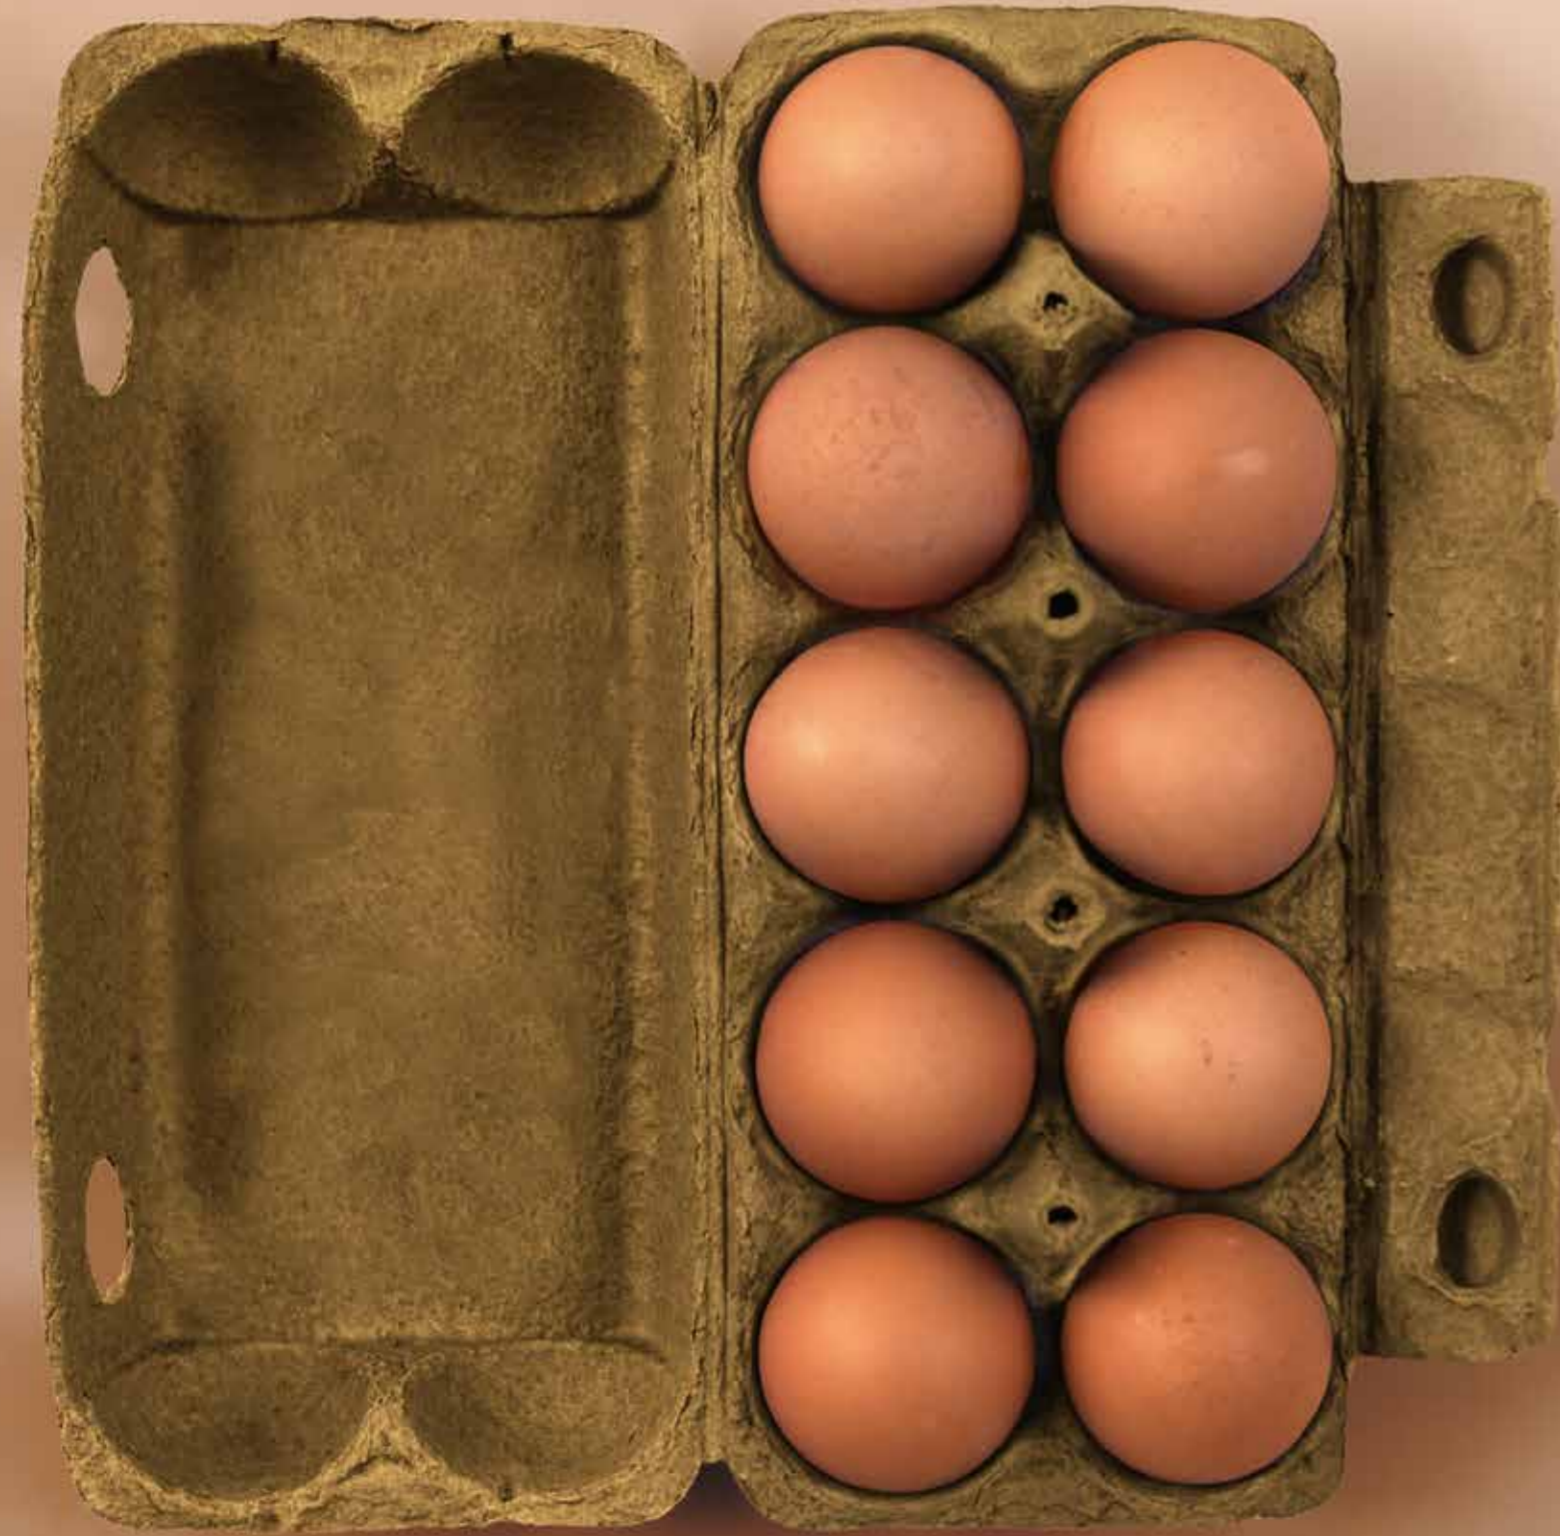

Each décor has a link and a QR-Code to its respective web page, where you can order free samples and receive detailed matching décor information.

*Bei jedem Dekor finden Sie einen Kurzlink und einen QR-Code. Über diese landen Sie direkt auf der passenden Produktseite, können kostenlos Muster bestellen und erhalten ausführliche Informationen zu den passenden Produkten aus dem Dekorverbund.*

# RENOLIT PRINT DESIGNS

The RENOLIT COVAREN and RENOLIT ALKOREN stock ranges include all the most significant woodgrain designs from rustic to elegant such as ash, oak and maple. The authentic natural looking wood species are available in numerous shades and colour tones. RENOLIT ALKOREN includes all our classic designs, while RENOLIT COVAREN provides special lacquers, pigments and especially deep textured structures.

*Bei unseren RENOLIT ALKOREN und RENOLIT COVAREN Produkten in Holzmaserung finden Sie Dekore der bedeutendsten Holzarten von rustikal bis edel. Die ausgesprochen natürlich aussehenden Holzdekore gibt es in unterschiedlichen Schattierungen und Farbnuancen. RENOLIT ALKOREN besticht dabei mit klassischen Dekoren, während RENOLIT COVAREN mit besonderen Lacken, Farbpigmenten und außergewöhnlich tiefen Prägungen beeindruckt.*

# RENOLIT SOLID COLOURS

Our RENOLIT ALKOREN und RENOLIT COVAREN solid colours provide a broad range across the entire colour palette. All products are single-coloured, but offer a variety of touch and feel. The surface textures range from high gloss, metallic, to matt and supermatt effects.

*Unsere RENOLIT ALKOREN und RENOLIT COVAREN Unis bieten ein breites Spektrum aus der Welt der Farben. Sämtliche Produkte sind einfarbig, unterscheiden sich dabei jedoch in der Haptik. Die Oberflächen reichen von Hochglanz über Metallic bis hin zu Matt- und Supermatteffekten.*

# RENOLIT ARMOUREN

RENOLIT ARMOUREN is an innovative and robust PVC film with antimicrobial properties and superior impact resistance. It is ideally suited for areas of high traffic such as public buildings, hotels or shops. It is offered in a range of woodgrain prints and matt solid colours.

RENOLIT ARMOUREN ist eine innovative und robuste PVC Folie mit antimikrobiellen Eigenschaften und überragender Schlagfestigkeit. Sie eignet sich besonders für stark frequentierte Räumlichkeiten wie zum Beispiel öffentliche Gebäude, Hotels oder Geschäfte. Die Folie ist erhältlich in einem breiten Spektrum von Holzdesigns und Unifarben in matt.

## TECHNICAL SPECIFICATIONS

We continually invest in new technology and manufacturing to ensure the production of materials with superb performance characteristics. Our materials are manufactured to the highest quality and comply with all relevant international standards and market requirements. We take our commitment as a manufacturer and as the founder member of the initiative "3D Frontenfertigung" very seriously.

## TECHNISCHE INFORMATIONEN

*Wir investieren kontinuierlich in neue Werkstoffe und Produktionstechnologien, um stets die optimalen Materialeigenschaften zu gewährleisten. Unsere Materialien werden nach den höchsten Qualitätsstandards hergestellt und erfüllen alle erforderlichen internationalen Normen und Marktanforderungen. Eine Verpflichtung, die wir sowohl als Hersteller als auch als Gründungsmitglied des Initiativkreises 3D Frontenfertigung ganz besonders ernst nehmen.*

## MATERIAL CHARACTERISTICS

- Mechanical durability
- Light fastness
- Excellent abrasion resistance
- Resistance to temperature and humidity (common to household standards)
- Scratch-resistant coating preserves films and prevents wear
- Primer coated on film reverse for a robust and durable bond
- Compatible with the world's leading adhesive systems
- Stain resistant regarding most foods and common household chemicals

## MATERIALEIGENSCHAFTEN

- Mechanische Beständigkeit
- Lichtechtheit
- Herausragende Form- und Fleckenbeständigkeit
- Temperatur- und feuchtigkeitsstabil (im haushaltsüblichen Maßstab)
- Kratzfeste Lackbeschichtung schützt das Folienmaterial und beugt Abnutzung vor
- Spezielle Haftvermittlerbeschichtung auf der Folienseite für eine strapazierfähige und dauerhafte Verbindung mit dem Trägerwerkstoff
- Haftvermittler als kompatible Lösung für weltweit führende Haftsysteme
- Fleckenbeständig gegenüber den meisten Nahrungsmitteln und haushaltsüblichen Chemikalien

Thickness <i>Foliendicke</i>	0.35 mm (350 microns or 14 mil) RENOLIT COVAREN <sup>®</sup> 0.50 mm (500 microns or 20 mil) RENOLIT ALKOREN <sup>®</sup> 0.40 mm (400 microns or 16 mil) RENOLIT ARMOUREN 0.70 mm (700 microns or 28 mil)
Width of material <i>Materialbreite</i>	1420 mm (56 inches) RENOLIT ARMOUREN 1400 mm
Minimum order quantity <i>Mindestbestellmenge</i>	1 roll (see length below) Entire 3D stock range 140-250 lm HIGHLIGHTS and Colour Road designs also available in 30 lm
Roll length <i>Rollenlänge</i>	250 m (274 yards) RENOLIT COVAREN <sup>®</sup> 140 lm (153 yards) RENOLIT ALKOREN <sup>®</sup> 200 lm (219 yards) RENOLIT ARMOUREN 100 lm
